EXCERPT FROM D/FBIS DAILY LOG - 22 July 1983

MEAD DATA REQUEST. Bill Donellan, of the Washington office of Mead Data, called me to acknowledge receipt of my letter of 14 July to Dan Prickett, of Mead Data in Dayton. Donellan wanted to clarify the status of the MIDAS tape handling by NTIS. I explained that we had no objection if he called them. I explained the FBIS position: That FBIS would make the tapes available to NTIS for public sale at cost provided NTIS met certain FBIS requirements in regard to stripping the tapes. Donellan said he would call Fred Haynes. (cc: C/LRB, C/SDS, C/DRD, C/Ops) (U/ATUO)
